

Concrete Hopper

Concrete Hoppers - This particular accessory is a self-dumping hopper which automatically sets off to unload as soon as bumper release contacts the side of a dumpster. After dumping is finished, the hopper goes back to an upright and locked position. This particular piece of equipment also comes together with a cable which allows operation from the seat of the forklift to be able to have the alternative of manually unloading the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This particular product is constructed with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper even has a blue powder coat finish to be able to maintain durability.
